# Product Features

5  
YEAR

5 yearr guarantee on any stains and color fading combined as a design product. For that reason we guarantee a minimum lifetime of 5-years on our products.

With an inner structure of an aluminum frame, which hold our long memory open foam and upholstered with solution dyed acrylic fabric, we have created a furniture piece that consists of very high quality materials together combined as a design product. For that reason we guarantee a minimum lifetime of 5-years on our products.

SSS

breathable & quick dry. Sittable dry within one hour as much as possible. With our breathable structure we create a continuous airflow inside the furniture which ensures that our products are sittable dry within one hour after they get wet.

Every piece is designed to be breathable in everyway. We don't believe in 100% waterproof furniture, and we want our furniture to be enjoyed for at least 5-years. So we design our products to let in water and circulate air as much as possible. With our breathable structure we create a continuous airflow inside the furniture which ensures that our products are sittable dry within one hour after they get wet.

100% green and recyclable furniture

100% green and recyclable furniture

Our materials can be 100% recycled and after the min usage of 5 years, we make sure that they can be used again for a better environment. We are Greenguard® certified and have the Oeko-tex® label on our products

UV/Fade resistant for more than 5 years

UV/Fade resistant for more than 5 years

Our fabrics are woven exclusively with solution dyed acrylic fibers to guarantee UV color-fastness, and finished with a protective anti-stain coating. Attractive, easy to wash, and durable, our textiles push the boundaries of design.

Stain resistant to any kind of stains. Like red wine, coffee, chocolate etc.

Stain resistant to any kind of stains. Like red wine, coffee, chocolate etc.

All products are upholstered with a solution dyed acrylic fabric. Where other furniture is upholstered with yarn dyed fabric. This gives us the advantage of a long life product. The difference between these two fabrics is easy to understand when comparing the solution dyed acrylic with a carrot and the yarn dyed fabric with a radish. Where the carrot is orange from outside and inside the radish is only red outside and white inside. So after usage the yarn dyed fabric (radish) will lose his color where solution dyed fabric (carrot) keeps his color for at least 5-years.

Our Solution dyed acrylic fabric are all treated with a dirt repellant layer to combine the highest level of performance in our daily lives. Our fabric is the only fabric in the world that can be cleaned with Bleach mainly used for cleaning stubborn stains like olive oil, chocolate, lipstick etc. We suggest for specific stubborn stains to check [www.sunbrella.com](http://www.sunbrella.com) to find the right cleaning way for your stain.

All fabrics are engineered to resist mold and mildew, and come with a 5-year warranty.

The finish treatment applied to all our fabrics repels liquids and dirt's, making them extremely easy to keep clean year after many years.

Outdoor lounge collection is upholstered with Sunbrella® fabrics which are steeped in top quality dyes during the actual manufacturing process, when the acrylic is still liquid. As a result the fabrics yarn is colored all the way to the core so its original vibrancy lasts on and on.

Design + Performance™

The textiles are made with close attention to design detail, and engineered with robust performance characteristics that provide resistance to fading and degradation from sunlight and chemical exposure. The fabrics are tactile yet durable, have industry leading environmental characteristics, they are easy to care for and offer long life – wherever they are used.

All the benefits of Sunbrella® fabrics:

UV RESISTANT  
 WATER & STAIN RESISTANT  
 BREATHABLE  
 MOLD RESISTANT  
 EASY CARE

Sunbrella® fabrics can be easily cleaned with a soft bristle brush and soapy water (add 50ml of bleach per liter of water in case of tough or stubborn stains). Rinse with clear water and let dry.

# Cleaning Instructions

Upholstery Care and Cleaning. One of the best ways to keep Sunbrella® fabrics looking good is to brush off dirt before it becomes embedded in the fabrics and wipe up spills or clean soon after a stain occurs. The quicker you clean spills and stains, the easier they can be to remove.

Try this first... With a new spill or stain on your Sunbrella fabric.

- Blot (don't rub) liquid spills with a clean, dry cloth. For oil-based spills, apply an absorbent such as corn starch, then remove with a straight edge.
- Spray on a mild cleaning solution of soap (such as Dawn or Woolite) and water.
- Rinse the fabric thoroughly to remove all soap residue.
- Airdry.

Try this next... If your first try doesn't get the stain completely out.

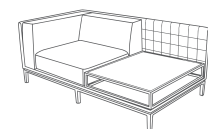

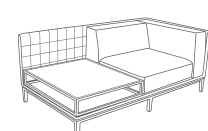

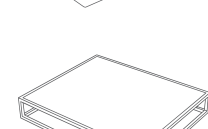

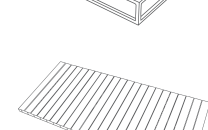

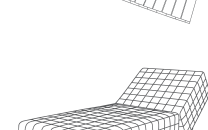

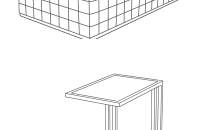

Go through the following instructions:

Stain	Recommended Cleaning Solutions
Berry	Combine one quarter of a cup of dishwashing liquid and one half cup - one cup white vinegar per 3.8 litres of water.
Bird Droppings, Ketchup Or Mustard, Coffee, Cola, Egg (Raw), Grape Juice Milk, Tea	Combine one fourth cup dishwashing liquid per one gallon water.
Beer, Food Colour, Urine, Vomit	Combine one fourth cup dishwashing liquid and one third cup white vinegar per one gallon water.
Butter, Grease, Oil, Paint Wet/Dried (Latex, Oil, Lacquer), Salad Dressing Shoe Polish (Liquid), Suntan Lotion Tomato Juice, Tree Sap	Apply corn starch as an absorbent, remove excess with a straight edge, clean up residual with dishwashing liquid and water.
Blood (Dried)	Combine one quarter of a cup of dishwashing liquid and one half cup - one cup ammonia per one gallon water.
Charcoal, Pencil Marks	Vacuum, then clean with one quarter of a cup of dishwashing liquid per one gallon water.
Chewing Gum	Treat with isopropyl alcohol. Then clean with one quarter of a cup of dishwashing liquid per one gallon water.
Chocolate	Combine one quarter of a cup of dishwashing liquid per 3.8 litres of water and rinse thoroughly.
Crayon	Treat with isopropyl alcohol. Then clean with one quarter of a cup of dishwashing liquid per one gallon water.
Ink (India, Ballpoint) Nail Polish	Treat with volatile solvent (acetone 100%). Then clean with soap and water and rinse thoroughly
Iron Rust	Treat with CLR® and rinse thoroughly.
Kool-Aid	Combine one fourth cup dishwashing liquid per one gallon water and rinse thoroughly.
Mildew	Combine one quarter of a cup of dishwashing liquid and one cup bleach per one gallon water.
Shoe Polish (Wax)	Apply heated iron over towel. Apply corn starch as an absorbent, remove excess with a straight edge, clean up residual with dishwashing liquid and water.
Wax (Candle)	Apply heated iron over towel. Treat with isopropyl alcohol. Then clean with one quarter of a cup of dishwashing liquid per one gallon water..
Wine	Combine one quarter of a cup of dishwashing liquid, one third cup white vinegar and one half cup - one cup isopropyl alcohol or hydrogen peroxide per one gallon water.
